🔗 Personal Portfolio

PROFILE

A non-CS background individual from Pune, India, with a strong passion for web development. My goal is to secure an internship or entry-level position in front-end React development. I'm proficient in HTML, CSS, JavaScript, and basic React, and I'm dedicated to delivering high-quality work. I'm adaptable, eager to learn, and excited to contribute to innovative web development projects.

PROJECTS

React Investment Calculator 🔗
User-friendly React.js Investment Calculator: Easily input your financial details, click 'Calculate,' and instantly view a dynamic table with Year, Total Savings, Interest (Year), Total Interest, and Invested Capital. Streamlined financial planning at your fingertips.

React Expense Manager 🔗
React.js Expenses Web App: Simplify expense management with an intuitive UI. Add expenses with date flexibility, view them in a sortable list by year (e.g., 2020-2023), and gain insights through visual monthly expense bar charts. Streamline financial tracking and planning with this user-friendly tool.

React User Age Tracker 🔗
React User Age Tracker: Effortless user data management. Input usernames and ages, validate entries, and maintain a user list. User-friendly UI ensures data accuracy and validation for streamlined user information tracking

React Weather Dashboard 🔗
React.js Openweathermap Project: Effortless weather info at your fingertips. Add cities, get real-time data with city name and temperature (°C) in clean, removable cards. User-friendly UI for quick, accurate weather updates, powered by a secure API key.
